## SLIPCOVER YARDAGE CHART

**How to Read Chart:** TOP LINE GIVES ESTIMATE OF YARDAGE FOR RAILROADED FABRIC. SECOND LINE GIVES ESTIMATE FOR VERTICALLY RUN FABRIC. Allow extra fabric for pattern matching. THROW PILLOWS SHOWN IN SOME PHOTOS ARE NOT INCLUDED IN SLIP COVER YARDAGE. **PLEASE NOTE:** Yardage is approximate and meant to be used as a guide-line only as your needs may vary.

### REPEAT ALLOWANCE:

Yardage required can vary according to repeat size on fabrics with prints or patterns. If your fabric has a repeat of more than 5 inches, you should increase yardage by adding the amount shown in the chart below. If your fabric has both a horizontal and vertical repeat, use the larger repeat. Calculations are based on standard 54" fabric width. Your needs may vary.

| If your repeat measures | Increase yardage by | If your repeat measures | Increase yardage by |
|-------------------------|---------------------|-------------------------|---------------------|
| 3 to 14 inches          | 10%                 | 28 to 36 inches         | 25%                 |
| 15 to 19 inches         | 15%                 | 37 to 45 inches         | 30%                 |
| 20 to 27 inches         | 20%                 | 46 to 54 inches         | 35%                 |
